\$2 Billion Tax Break May Boost Business

New Tax Rules Save \$1.5 Billion

Revised Schedules
Speed Write-Off
On Equipment Cost

WASHINGTON (UPI) —

The nation's businessmen today have a new set of tax rules designed to save them \$1.5 billion a year and put more muscle into the economy.

President Kennedy announced the long-awaited tax break Wednesday night — revised tax depreciation schedules that allow businessmen and farmers to write off their deteriorating equipment faster.

A congressional Democrat said "it should convince some businessmen that Kennedy doesn't hate businessmen after all."

The administration — prodded increasingly to propose a general income tax cut this year instead of waiting until next year — will be watching the economy closely to see the effect of the new relief.

May Reverse Position

But informed sources predicted that despite the big tax break, chances are better than 50-50 that Kennedy will reverse his position next month and decide to go for a big — but temporary — tax cut for everyone. It would be temporary so that he would have a "sweetener" in the form of permanent tax relief to include in general tax reform legislation next year.

Sources felt that the decision on a reduction in income taxes will depend largely on the fate of Kennedy's tax credit proposal, now in a Senate committee, which would mean another \$1.2 billion break for business.

If this is passed, sources said, "it might be that these two tax cuts will be enough to avoid doing anything more this year." Kennedy, in announcing the new depreciation schedules, said they would "automatically permit more rapid and more realistic depreciation than is presently taken on 70 to 80 per cent of the machinery and equipment now used by American businessmen and farmers."

"By encouraging American business to replace its machinery more rapidly," Kennedy said, "we hope to make American products more cost-competitive, to step up our rate of recovery and growth and to provide expanded job opportunities for all American workers."

In combination with his pending tax credit legislation, Kennedy said, it would "put American producers on a comparable tax footing with their foreign competitors."

NEWS in BRIEF

LONDON (UPI) — Sir Winston Churchill has developed a bronchial infection, a special hospital bulletin said today.

"Since yesterday," the bulletin said, "Sir Winston has had slight rise in temperature due to bronchial infection." It was the first mention of a chest condition which could complicate his convalescence from a fractured left leg that also has brought on a thrombosis — or blood clot.

SAN FRANCISCO (UPI)—Three seagoing pacifists and two men who sponsored their short-lived attempt to sail to the U.S. nuclear test zone were sentenced to six-month jail terms Wednesday.

WASHINGTON (UPI)— Abraham A. Ribicoff, secretary of health, education and welfare, will resign today to seek the Democratic senatorial nomination in Connecticut. He is the first cabinet member to resign since President Kennedy took office.

ELISABETHVILLE, Kantanga (UPI) — The United Nations sealed off Elisabethville with troops and armored vehicles today in response to a big "independence" military parade staged by Katanga President Moise Tshombe Wednesday.

ALBANY, Ga. (UPI) Southern integration leader Martin Luther King Jr. was released from jail today after serving only two days of a 45-day sentence.

The fine that had been levied against King on conviction of an integration incident last year — and which he had refused to pay — was put up mysteriously by an unidentified benefactor.

PALM DESERT—Carol Ann Tait, a 23-year-old La Mesa bookkeeper was killed Wednesday night and her driver-companion seriously injured in an auto accident on California 74, police reported.

Investigating officers said the auto plunged over the embankment on a curve near the eastern base of the Santa Rosa Mountains, about five miles south of Palm Desert.

Astronaut Grounded, But Wants Team Flight

WASHINGTON (UPI) — Deke Slayton, disappointed because a heart flutter permanently grounded him for solo space flights, today pinned his hopes on making an orbital mission with two or three other astronauts.

Slayton was in the Wisconsin woods with his family. Friends said they wanted to be left alone.

The National Aeronautics and Space Administration announced Wednesday that the 39-year-old Air Force major was being permanently grounded. He had been temporarily grounded since last spring because of the condition.

Medical specialists continued to examine Slayton since that time. They decided that the hazards of

his condition were "too great" to permit him to make a solo space flight.

"Naturally I am greatly disappointed," Slayton said in a statement. "For more than three years I have been training and looking forward to an early flight assignment. But I am ready to do whatever is needed. I'll work wherever management feels I can best contribute to the program."

The NASA announcement said Slayton would continue to work in the U.S. manned space flight program in "engineering and operational planning duties." NASA administrator James E. Webb said the decision did not necessarily rule Slayton out for participation in two or three-man space flights.

Tram Road Plan Study Requested

Access road and parking plans for the \$7.7 million Tramway now under construction in Chino Canyon was referred to the Palm Springs Traffic Commission Wednesday by the city planning commission.

The referral was made in answer to a traffic commission resolution asking a chance to review the plans before city approval.

The planning commission, which took the road and parking plans under study a week ago, was advised in the earlier meeting that the bond budget for the project would probably dictate final plans.

U.S. Crimes Hit All-Time Peak in '61

WASHINGTON (UPI) — FBI Director J. Edgar Hoover reported today that major crimes committed in the United States last year rose by 3 per cent to a new all-time peak.

Hoover especially deplored the increase in arrests of youngsters under 18 in recent years. He called it "one of the major problems plaguing law enforcement" and said that unless the trend is reversed, it will result in "serious consequences for the future of our country."

The FBI chief said his agency's uniform crime reports show there were an estimated 1,926,090 serious crimes committed last year — an average of four every minute.

Crimes against property — robbery, burglary, larceny and auto theft — increased by 4 per cent in 1961. Crimes against the person — such as murder, rape and aggravated assault — showed an average 1 per cent gain.

Outstrips Population Growth
Since the nation's population rose by 2 per cent last year, the national crime rate showed a 1 per cent increase. But Hoover said the rate of growth of crime has outstripped population growth by nearly five to one over the past five years.

As usual, the crime rate in big city areas was three times higher than the rate for rural areas and twice that of small towns.

Statistics reported by 7,800 law enforcement agencies showed that arrests of boys and girls under 18 increased by 4 per cent in 1961.

Must Continue

In addition, Tom McKenzie, resident engineer for the giant aerial Tramway program, advised the planners that contracts and construction time tables required continuing construction without awaiting the planners' study results.

The planning commission yesterday heard a suggestion from Culver Nichols, a major property owner near the Tramway access road intersection with North Palm Canyon Drive, that the area be returned to county control. Planners observed that development problems would still exist, and indicated slight interest in the proposal.

Overpasses

A letter from hotel operator Vera Lamprecht, suggesting pedestrian overpasses for major street intersections, was the second planning commission referral to the traffic commission. The overhead walkways would eliminate pedestrian congestion and traffic dangers during the crowded tourist season, the proposal said.

Some standards recommended by the joint city-Agua Caliente tribe study committee on Section 140 zoning were incorporated in planning commission architectural approval of a building sought for Tahquitz-McCallum Way.

Other Business

The building, planned by developer Al Levitt for a site on the north side of Tahquitz-McCallum 140 feet of Sunrise Way, was approved with a 50-foot setback for parking. The parking setback standard, one of those in the joint study committee recommendations to be heard by the planning commission this summer, requires planting between the street and parking area.

The commission approved a tentative 40-acre subdivision planned east of Sunrise Way and south of Mesquite Drive by S. E. Hunsacker, Irwindale. Seven lots are set for the low-density project.

Height approval of a hillside single family dwelling planned by Louis Taubman in Tract 2369, north of Las Palmas, was granted above study of the two lot site plan.

Lunar Ferry Will Transport Four to Moon

WASHINGTON (UPI) — The National Space Agency hopes to send two men on a four-day tour of the moon months ahead of schedule with a special lunar ferry.

The National Space and Aeronautics Administration announced Wednesday it plans to send the lunar expedition out with a ferry that would shuttle it to the moon after a mother ship, launched directly from earth, had taken it into lunar orbit.

A LINGUISTIC SWIM was ahead for this young pair caught by the camera hurrying along a Palm Springs street. Kenneth Neilson, 7, left, and his brother Steen, 9, were on their way to a language tutor. The youngsters spoke only Danish on arrival here three years ago. They do quite well with English now and are studying Spanish in a class of 10 under Mrs. Robert Schnabel. The towels are for a swim that follows the Spanish lesson. (Desert Sun Photo by Bob Nims)

New Tactics Decided On Foreign Aid Bill

WASHINGTON (UPI) — House strategists decided tentatively today against making an immediate floor fight to kill an amendment to the foreign aid bill to bar U.S. purchase of United Nations bonds. Backers of the bill chose not to delay passage of the measure. They then could try to eliminate the bond amendment during conferences with the Senate.

This also would free administration strategists to concentrate their fire on the floor at a pending proposal to bar all aid to Communist countries. They hope to kill this and then get the conferees to scuttle a similar provision in the Senate measure.

ESTES — The director of the Texas Agricultural Stabilization and Conservation Service (ASCS) told Senate investigators that warnings about some of Billie Solments failed to get to county officials in Texas who approved them. In his testimony, W. David Lewis, the Texas ASCS official, said the warnings were prepared in Oklahoma prior to approval of the Estes allotments in Reeves and Pecos counties, Tex., but were never relayed to those counties' officials.

POLL TAXES—House Judiciary Chairman Emmanuel Celler, D-N.Y., introduced a resolution to Estes' controversial cotton allotment force to the floor a Senate-passed resolution to bar poll taxes as a voting requirement in federal elections. The proposal has been tied up in the House Rules Committee since being approved by the Senate.

STOCKPILE—A draft was made public of a bill to allow government agencies to draw on surplus materials in the oversupplied defense stockpile instead of buying new materials.

Slash Voted To Encourage New Investment

WASHINGTON (UPI) — The Senate Finance Committee voted today to give an estimated \$1.1 billion tax break to businessmen and utility companies to spur increased investment in new equipment and machinery.

The committee, in its second day of work on President Kennedy's embattled tax reform bill approved a proposal to grant business a 7 per cent tax credit to encourage plant modernization.

It went counter to the administration's wishes, however, by voting to give regulated utilities a 3 per cent investment credit. Kennedy originally asked for an 8 per cent tax credit for business. He requested none for utilities. The vote on the tax credit plan was 10 to 7.

The committee turned down by a vote of 15 to 2 an alternative by Sen. Albert Gore, D-Tenn., for a graduated \$735 million direct tax cut for corporations. Pickup 5th page, The

Kennedy Dealt Setback
The committee dealt the President a sharp setback Wednesday when it killed by the decisive vote of 10 to 5 the administration's controversial plan for a 20 per cent withholding tax on income from dividends and interest.

The withholding feature was the most important revenue-raising provision in the overall tax revision bill. It was estimated to produce up to \$800 million in revenues a year now escaping taxation.

At the same time, the committee tentatively approved, by a 10 to 7 vote, the principle of the investment credit provision — the only revenue-losing section in the bill.

But in tentatively adopting an amendment by Sen. Russell B. Long, D-La., it cut the tax impact about in half, to somewhere around \$700 million.

Bill Hacked-Up
The net result was a hacked-up bill, trimmed down drastically from the one passed more than three months ago by the House.

Instead of the controversial withholding tax, the committee adopted a Byrd-sponsored plan to require corporations and institutions to report to the Treasury any payment of \$10 or more in interest or dividends.

Some senators said privately that when the full import of this massive reporting system is felt, businessmen may find the book-keeping so burdensome they would rather have a withholding tax.

City Chamber Hits Hotel Signs in Spa

Cut-rate and misleading hotel signs in Palm Springs were the subject of criticism by the chamber of commerce in its meeting this morning.

The request of the hotel and apartment association asking the city council for ordinance action was read to the chamber directors by HOTAPA head Sherman Dickenson. Following the reading, the chamber board directed a resolution to the council endorsing the HOTAPA stand on the signs.

SERVICE WING PLANNED

Bids Expected on Second Hospital Project

Calling of construction bids on another addition to Desert Hospital in Palm Springs tops the agenda for a meeting of the hospital district board of directors next Monday.

If suitable offers are received, work on the project should get underway before completion of the 22-bed wing that is now underway and will raise the hospital capacity rating to 86 bed patients, according to hospital director Robert Henwood.

Henwood said it is hoped the new service wing can be financed through transfer of operating reserve funds (totaling about \$220,000), thus leaving funds raised in the campaign spearheaded by William Perlberg and Milton Prell for other hospital needs.

The Perlberg-Prell campaign to date has \$650,000 pledged or in hand. Of this \$244,800 is committed to present construction. Henwood said total cost of hospital needs if about \$1.7 million, the master plan calling for addition of a third wing to include maternity section, kitchen and dining space, medical records, nurses lounge and an intensive care unit.

Board president Clifford Babin, Dr. William Aikin, Arnold Rumwell and Dr. Charles Baldwin are expected to debate expansion financing. The Perlberg-Prell campaign was launched last year following defeat in 1960 of a \$1.9 million bond issue proposed for hospital expansion.

Under plans prepared by architects Williams & Williams, the bid call on Monday will be for a service wing that is to include housekeeping and laundry facilities, emergency rooms, autopsy and morgue facility, lockers, storage and maintenance facilities.

New York Stocks at Closing

NEW YORK (UPI) — Stocks scored their 10th gain in 11 sessions today, moving ahead in fits and starts while volume ran roughly a million shares above Wednesday's pace.

High speed tickers ran late several times on heavy flurries of demand, only to catch up when prices dropped beneath their highs of the day. At the close prices were softening with the tape slightly behind.

A decision by Jones & Laughlin to increase capital spending sparked gains of fractions to around a point in the steels. Ford and GM gained good fractions in the motors. Oils scored limited gains. General Foods and International Nickel gained at least a point in the blue chips along with General Electric after it reported higher profits.

Collision Brings Injury, Damage

Major damage and minor injuries resulted from the collision of a 1952 Harley cycle driven by Peter Corlett Younghusband of Buena Vista Drive and a 1960 Lincoln driven by Ernest Thomas Fox of San Lorenzo Road yesterday.

The accident was reported by Anthony Belloni who observed the altercation at the intersection of San Lorenzo and Camino Real.

March on Embassy of U.S. Slated

MOSCOW (UPI)—A number of delegates to the Kremlin Peace Congress said today they would march through Moscow from Red Square to the U.S. Embassy Friday in protest against nuclear testing.

Moscow city authorities promptly warned them they would consider the demonstration "an infringement of hospitality," and the delegates said they learned this meant deportation.

Delegates planning the march include members of the British, French, Canadian, Indian, United States, Danish, Norwegian and Japanese delegations to the World Congress on Disarmament and Peace in the Kremlin.

Would Be Deported
British delegates said they understood Moscow city authorities did not plan to obstruct the demonstration physically. But they were warned any marchers would be deported. Moscow authorities gave no further details, they said.

The conference today heard two speeches which attacked the Soviet attitude to cold war tensions.

British Labor Party Member of Parliament Sidney Silverman said Soviet Premier Nikita S. Khrushchev's recent speech on testing "gives little hope" that the present deadlock in disarmament negotiations can be broken.

Challenges Red Delegates
American Homer A. Jack of New York drew cries of "No, no," when he told the conference West Berlin is part of the Western system and access to it must be guaranteed.

Jack, an official of the National Committee for a Sane Nuclear Policy in New York, challenged peace movements of Communist countries to criticize the armament policies of their own governments as well as those of the West.

He told about 4,000 listeners in the Kremlin Palace of Congresses there is a "basic difference" between the "World Council of Peace," which sponsored the congress and which he said was largely Communist-dominated, and American peace organizations.

"The peace movement in the United States speaks to its government. The World Council of Peace speaks for government," he said.

Bruce Kastel in Combat Assault

LITTLE CREEK, VA. — Midshipman Second Class Bruce A. Kastel participated in a simulated combat assault of a beach following two weeks of summer midshipmen training at the Naval Amphibious Base here.

Kastel is the son of Mr. and Mrs. Samuel I. Kastel of 1030 Calle De Maria in Palm Springs.

The midshipmen, entering their third year at the Naval Academy, Annapolis, Md., joined a battalion of Marines aboard five amphibious ships for the exercise at Camp Lejeune in North Carolina.

Cal-Poly for Young Parker

POMONA — A Palm Springs resident is among nearly 1,000 new students who have been admitted to the Kellogg Campus of California State Polytechnic College for the 1962-63 school year.

The resident, Culver G. Parker of 567 Monterey Drive in Palm Springs, plans to major in business administration while studying at the southern California campus.

ALEJO ROAD eastward from Indian Avenue is slated for new half-street paving this summer, Thomas W. Essen, Palm Springs public works director, announced. The \$28,000 project, which will reduce

the jog at Via Miraleste, will include curbs on the south side of the street, and an additional nine feet of paving east of Via Miraleste to Avenida Caballeros. (Desert Sun Photo)

Far West Dominates Beauty Test

MIAMI BEACH (UPI) — Girls from the Far West dominated the group of 10 brunettes and 5 blondes competing in the Miss Universe pageant tonight for the title of Miss U.S.A.

Every section of the nation, including Hawaii, is represented, but a bloc of western states provided more than one-third of the semi-finalists chosen Wednesday night from 40 contestants.

The semi-finalists were: Miss Arizona, Marilyn Jerri Michelson of Scottsdale; California, Marilyn Ann Tindall of Hollywood; Colorado, Penny Jo James of Aurora, Connecticut, Diane Mary Zabicki of Middletown; Hawaii, Macel Leilani Wilson of Honolulu; Illinois, Jean Donnelly of DeKalb; Indiana, Susan Ekamp of Mishawaka; Nevada, Janet Hadland of Las Vegas; New Hampshire, Sandra Lee Kay of Plaistow; New York, Sherrylyn Pateck of Foushing; Oregon, Joyce Noreen Collin of Lebanon; Pennsylvania, Margaret M. Lineman of Philadelphia; Tennessee, Gail White of Chattanooga; Texas, Jackie Jay Williams of Waxahachie; and Utah, Patricia Elaine Profaizer of Ogden.

KOD Anti-Medicare Rally Not Effective---Premier

REGINA, Sask. (UPI) — The Socialist government of Premier Woodrow S. Lloyd Wednesday night dismissed an anti-medicare rally, staged by "Keep Our Doctors" (KOD) committee as a failure and said the government would not be influenced by the demonstration.

The premier also charged that organizers of the rally had "strong political motivations."

Police estimated about 4,000 persons converged on the capital here Wednesday to attend the anti-government protest outside the legislative buildings. Lloyd told a news conference later that his sources indicated attendance was "between 2,500 and 3,000" persons.

The premier told newsmen the rally was "not a particularly representative showing of the people of Saskatchewan."

Thirty minutes before the rally was to begin, Bert McKay, KOD provincial president, was admitted to Regina General Hospital believed suffering from a heart attack.

Linda Ellis Recital Set In 29 Palms

TWENTYNINE PALMS — Linda Ellis 13-year-old pianist, will be featured in the July 21 "Under the Stars" recital to be presented in the Twentynine Palms Art Gallery patio.

The program by the young keyboard artist will begin at 8 p.m. A show of Twentynine Palms Art Guild members drew strong response, and resulted in a holdover of some of the work at Helen Bagley's shop. Artists exhibited include Hilton, Malloy, Matthews, London, Perrine, Onderdonk, Zimmers and Spellman.

Street Improvements Provided in City Plan

Several Palm Springs streets—Alejo Road, pictured above at Indian Avenue, will get half-street improvements under a \$156,200 program included in the 1962-63 city budget.

The improvement funds, including \$60,000 in sales tax money, and \$96,200 of gas tax money, will add slightly the city's 145 miles of paved streets and will refurbish some mid-town east-west connectors, Charles Kasmer, acting city manager, explained.

Final Approval

The road improvement funds, considered a fait accompli, are actually subject to final budget approval Aug. 19, when the city council will formally adopt the budget and set the city tax rate. The tax rate, tabbed at \$1.99 per \$100 assessed valuation for the coming fiscal year, is based on an almost-official \$80,100,000 tax base estimate.

El Cielo Road will get a \$40,000, 32-foot paving job from East Ramon Road south to Highway 111. El Cielo, most easterly of the Ramon-Highway 111 connectors inside the city limits, is now paved two blocks south of Ramon Road.

Alejo Road, pictured above at Indian Avenue, will get half-street paving from Via Miraleste to Indian. The street will also receive an added nine feet of paving in sub-standard width sectors east of Via Miraleste, in the \$28,000 job.

A \$16,000 fund is earmarked for improvement of six streets between Indian Avenue and Palm Canyon Drive. Included are Stevens Road, Tachevah, Tamarisk, Granvia Valmonte, Tahquitz and Arenas Road, Kasmer said.

Racquet Club is slated for \$17,000 worth of improvement between Palm Canyon Drive and Indian Avenue. Indian Avenue is set for widening in the Via Escuela area, Harold Stone, assistant public works director, reported. Other work is set for Sunrise Way.

P.D. Optimists See Movie at Regular Meet

PALM DESERT — Palm Desert Optimists, headed by Dr. F.X. McDonald, saw the film "Ten Years after Hiroshima" during the regular club meeting at the Firecliff Lodge.

Dr. McDonald announced that attendance teams will call on non-vacationing members in a drive to boost summer meeting attendance.

Meanwhile, Junior Optimists, led by Don McNeilly, III, "are making us look like pikers," the club announced.

The Junior Optimists, who washed cars to aid the club treasury, held a cleanup drive along Highway 111 last weekend.

IN HOT SPRINGS

Lighted Palms Pushed

DESERT HOT SPRINGS—The Desert Hot Springs Water Board has confirmed its intention to cooperate in a lighted palm tree project here.

The board again agreed Tuesday that it would lay pipes and install meters in a half mile stretch on Pierson Boulevard between Palm Drive and West, with no additional cost to the taxpayer should the local park board and the chamber of commerce come to an agreement on the advisability of planting 50 palm trees in which street lights would be installed along Pierson.

In addition the board committed itself to set up ways and means for meeting additional costs should an expansion of the proposed tree-planting project over a larger area prove desirable.

Estimate
Directors estimated that should trees be planted throughout the square-mile area, which extends on Palm From 8th to Hacienda and on Pierson from West to Verbena, that the cost of laying the pipe and installing the meters (exclusive of the first one-half mile) would mean an additional .03 tax per \$100 assessed valuation for each additional half mile.

"If a decision is reached to plant the trees throughout the entire square mile, 'we would rather see it done one-half a mile at a time,' said Chairman Stone Wright Jr. 'since this would give us more time to evaluate the cost and might result in less of an increase in taxes.'"

The discussion of the board's policy on the tree planting project had been requested by directors Alan Horton, president of the chamber of commerce, which is airing the matter before the public at an open meeting with the park and recreation and water boards on July 19 at 8 p.m. at the Eighth Street Community Center.

Horton Explains
Horton explained that he had asked for the board's estimate on what it would cost to lay pipes and install meters throughout the square-mile area because there appeared to be a lot of sentiment for this.

Should a decision be made to plant the trees throughout the square-mile area immediately Horton said, the entire installation cost had been estimated at \$33,000. This would mean .43 tax rate

of \$100 assessed valuation, which would cost the taxpayer whose home is assessed at \$3,000, \$13 in additional taxes for one year.

The cost of maintenance of the trees thereafter, Horton estimated, would run from .03 to .05 per \$100 assessed valuation.

The figures quoted Horton explained included the cost of the initial wiring and the electrical power which would be consumed. Ordinarily he said these two costs would be met by residents living within the lighting district only.

However, the lighting district is so small that it had been considered advisable, if possible, to have these costs met by all the taxpayers living within the five-mile area which comprises the water and park board districts.

Introducing your new INTERNATIONAL HARVESTER dealer ... Palm Springs Lincoln-Mercury Co. Inc.

This one takes the roof off!!!

You've never seen anything like the Scout—for work, play or what-you-will. An all-steel top comes off in minutes. An all-steel body hauls man-size loads of cargo.

JUST OUT...the SCOUT!

It carries three passengers on a full-width front seat, has extra seating on full-length rear wheel housings. It has a husky INTERNATIONAL 4-cylinder Comanche engine. Optional all-wheel drive for off-road traction. Optional Travel-Top converts it into a town delivery.

A whole new idea in low cost transportation!

This is the Scout, a neat and nimble pickup. Small in size, light in weight. Fun to drive for business or pleasure.

Same Scout with the roof off. Top is removed in minutes, to give you a vehicle for any kind of activity, any kind of weather.

Same Scout stripped for action. For special duty, doors, windows lift off, windshield folds down or detaches.

Same Scout converted to town delivery by an optional steel Travel-Top complete with windows and lift gate.

In the Good Old Summertime

Real Estate Ramblings . . .

By LEE CHRISTOPHER

A bulletin from the Board of Realtors shows that hard-working property pushers are also taking off for the summer. The bulletin was written by Ann Seeling, and since one can't improve on good writing, you'll find her paragraph titled "Our Vacation-Minded Members" reprinted here.

And I quote . . .
Jim and Esther Hammond have gone to Yosemite; an orchid to our dedicated membership chairman (Jim) who's returning to chair a special membership committee meeting — a trip of almost 400 miles . . . Harold Sterling and his wife are on a trip around the world . . . Kay Cordrey and her noted artist-husband are summering in Cuernavaca, Mexico . . . Marie Busch phoned yesterday, and she'll be away for a month.

Marion Mathews writes she's leaving town for two or three months and says "see you all in the Fall" . . . Angelina Minasian will be away July and August . . . Al Hoover has moved to his ranch in Beaumont for the summer . . . Don Williams is vacationing in the East . . . Jacques Crommelin is off for Yosemite and Jackson Hole for the summer . . . Tom Gemmill will be away for a month . . . the Montagnes expect to be out of town most of the summer . . . and Roy Randolph is hopping back and forth to Puerto Vallarta, Mexico.

End quote.

NOTES FROM EVERYWHERE . . .

Dr. and Mrs. J. Alfred Trackman took off yesterday for the Orient . . . Leonie Creighton writes

from Pacific Palisades that as the former owner of the Sun and Sand Hotel, she is interested in Palm Springs doings, and would like the newspaper sent to her regularly . . . New arrivals are Mr. and Mrs. W. L. Evans and their 2-year-old son, Jack, who have moved into the Palm Oasis from Indio, where Mrs. Evans had a day nursery . . . The August G. Kettmanns (he's the chief of police) are vacationing in Oregon. Another member of the PD, Lt. William Lux, and his wife, Lois, (she's a teacher) are currently touring Europe . . . Also abroad are Dr. and Mrs. Ernest G. Johnson, who have been having a delightful time exploring the highways and byways of Europe before going on to Cologne, where Dr. Johnson attended the Federation Dentaire Internationale.

TRAVELERS ALL . . .

Pegi Scot of Los Angeles, visiting friends here recently, was still excited about her just-completed European journey. A long-time resident of The Spa, Miss Scot is now with Revue Studios . . . As the man charged with putting out the city directory, Joe Jackson feels that he has had enough of Palm Springs for a while; so he and Mrs. Joe will leave Saturday for Hawaii — their first real vacation in 25 years . . . Mrs. Frances Potenza, owner of Angelo's Palm Desert Inn, dropped by to say goodbye. She has closed the popular eating spot for the summer, and is taking off for the ocean breezes of Long Beach and a visit with her mother, Mrs. Bertha White. She'll be back in business Oct. 2.

CITY OF HOPE BENEFIT ON JULY 21

Luau, Swim Party Slated

July 21 is the date set for the Polynesian luau and swim party which the Palm Springs Associate Chapter of the City of Hope is planning for fun and charity. Committee members shown here as they get into a party-planning mood are Edith Jamin, Carol Perlin, and Ilse Jamin, grouped behind Florence Cohen.

The luau, scheduled to begin at 8 o'clock, will be held around the pool at the home of Mr. and Mrs. Sam Franks, 1171 Pasatiempo Road. It is open to the public, and Hawaiian dress is optional. Further information about the party or reservations may be obtained by calling Irene Mazich at 325-3951.

Pair Wed In Quiet Nuptials

At a charmingly intimate ceremony solemnized by Judge Eugene Theriault in the parlors of his home, Miss Victoria Marie Davis recently gave her marriage vows to Frederic A. Hawkins.

Parents of the bride are Mr. and Mrs. Edward Davis of Denver, Colo., who formerly made their home here. The benedict, a native of Palm Springs, is the son of Mrs. Edward A. Hawkins and the late Mr. Hawkins.

For her late afternoon wedding, the bride chose a blue-striped suit

accessorized in white, and she pinned a corsage of carnations to her shoulder. Her sole attendant was her Palm Springs High School classmate, Miss Robin Fretz, who wore a pink sheath with blue accents.

Following the ceremony, a reception was held at the North Cerritos Drive home of Mr. and Mrs. Eugene Fretz, and then the

Nicholson-Crocker Rites Are Read

Honeymoon In Carmel

Now at home to their friends on 141 S. Tahquitz are the young David Wilson Crockers, whose pretty summer wedding was solemnized in candlelight at St. Paul's in the Desert Episcopal Church.

The new Mrs. Crocker is the former Miss Cheryl Linda Nicholson, daughter of George Nicholson of Hollywood and Mrs. Colleen Crist Astrahantseff of Palm Springs; her husband's parents are the Francis F. Crockers of 147 S. Tahquitz.

Pink and white was the color theme chosen for the 7:30 p.m. rites, and as the bride approached the flower-filled altar on the arm of her father, she captured the white tones in her gown of

gleaming taffeta. Designed with long tapering sleeves and a sweetheart neckline, the bodice of her frock featured pearlized thread edging lace motifs. The skirt flared out from her tiny waistline, and was detailed with pleated hip panniers and flying back panels flowing into a graceful train.

She added a double crown of lace to hold her unusually full elbow-length veil of silk illusion, and she held an orchid-centered shower of white blossoms.

The pink accent was picked up in the chiffon frock worn by her sole attendant, Miss Donna Pollock of Palm Springs, who complemented her ensemble with a briefly veiled crown and a bouquet of purple orchids.

Douglas Crocker of Palm Springs was his brother's best man. Another brother, Jeremy F. Crocker of Los Angeles, seated the

guests with the assistance of the bride's brother, George Nicholson, who also came down from Los Angeles for the double-ring ritual. A reception at the church followed the ceremony, and then the just-weds left for their honeymoon in Carmel and San Francisco.

Out-of-town guests at the wedding festivities included an aunt, Miss Eleanor Wilson of Bakersfield; Capt. and Mrs. Theodore Schultz of Coronado; the Errol K. Flemings, Mr. and Mrs. Henry W. Coil, and the G. Hamilton Hoxies of Riverside; and, from Los Angeles, Miss Rachel DeNick and Mrs. Jeremy Crocker.

The bride, who was a Deb for two years, is a June graduate of Palm Springs High School. Her husband is also a Palm Springs High alumnus, and he continued his education at the College of Marin and Riverside City College.

For Early Diners . . . A TABLE!
Early or Late Our Prices Are
CHEAP

I know cheap is a dirty word in advertising. A hundred copy writers toil daily to find synonyms . . . Why bother? . . . Our prices "ARE CHEAP." But our meat and provisions are the best money can buy, prepared by the finest chef in Rancho Mirage. (So — he's the only one in R.M.) Take your own Gallup Poll with anybody that's dined here.

Now let's see how many Desert Rats read this. Mention this ad and get a free glass of wine with your dinner, for tonight only. Only 4 couples asked for free wine last week. Now — what could that mean?

Just for laughs we won't mention our name, but here's a clue.

Telephones in Color

Telephone convenience
for people who live
and work out of doors

Telephone Jacks

You'll appreciate the many advantages of having these handy telephone outlets near the pool, play area, barbecue or, on the patio. They're a must for the family who live and work out of doors.

Extension Bell

Now you can work out of doors knowing that you won't miss important telephone calls. A dependable, easy to install outside bell alerts you immediately. It's a good idea to have one in the garage, too.

Loud Ringing Bell

This heavy duty telephone bell is especially designed for business subscribers. In lumber yards, used car lots or filling stations, the loud ringing bell assures you that your telephone customers will receive prompt attention.

You're sure to find one of these services tailor-made for you. Call your local business office for complete details.

Horoscope Forecast

By CAROL RIGHTER

Friday, July 13, 1962

GENERAL TENDENCIES: Until noon confusing influences are in effect and you would be wise to take it easy and avoid any sort of risky ventures or undertakings. However, later you find that you can gain your aims by tactfully going directly to whoever is able to help you attain your ambitions and show that you want their continuing alliance.

ARIES (Birthdays from Mar. 21 to Apr. 19)—Morning must be devoted mainly to straightening out affairs with associates. Then later you can get together with friends. Be sure you hold on to highest principles.

TAURUS (Birthdays from Apr. 20 to May 20)—One of those days when business affairs are fine but anything social is apt to be a dud, so keep busy making hay while the sun shines. Listen to ideas of close ties. They are for you.

GEMINI (Birthdays from May 21 to June 21)—know how your contracts with others actually read and be sure you follow through with your end of the bargain. Also, come up with good ideas. Work in P. M. Avoid trouble at home.

MOON CHILDREN (Birthdays from June 22 to July 21)—Be careful driving or dealing with some friend this morning, or there can be trouble. Then be sure you add efficiencies in your daily work. Be more modern.

LEO (Birthdays from July 22 to August 21)—Financial affairs can be quite worrisome today, but if you are cheerful and honest just, all will work out fine. Step out tonight for fun. However, don't be extravagant.

VIRGO (Birthdays from Aug. 22 to Sept. 22)—Since you are not thinking very clearly today, listen to what a close tie has to suggest. Come to real understanding on property and security matters. Be kind to loved one in P. M.

LIBRA (Birthdays from Sept. 23 to Oct. 23)—Show associates that you are now willing to cooperate fully in your mutual dealings. Make real improvements all around. Don't waste time worrying. Get car in order.

SCORPIO (Birthdays from Oct. 23 to Nov. 21)—Listen to trusted advisor and find ways to increase income readily. Avoid that friend who only brings you trouble. Make any repairs to property that are necessary.

SAGITTARIUS (Birthdays from Nov. 22 to Dec. 21)—Rely on own good judgment now instead of listening to higher-up who is too critical of you. Cooperate with associates. Evening fine for sociability.

CAPRICORN (Birthdays from Dec. 22 to Jan. 20)—Steer clear of new friend who has an eye on your holdings. Concentrate on how to become more affluent, too.

Show appreciation to loyal friends.

AQUARIUS (Birthdays from Jan. 21 to Feb. 19)—Avoid unreasonable person to whom you owe money and go after objectives in a positive manner. A good friend helps if you are specific. Evening fine socially with pals.

PISCES (Birthdays from Feb. 20 to Mar. 20)—Be sure you do not argue with a crochety associate. Look for more constructive ways of bettering yourself. Get away from dull doldrums and impress others with your true dynamism.

If Your Child Is Born Today . . . He, or she, will be one of those particularly finicky type of individuals who must early be taught that friends can be lost if this habit is not gotten rid of early. Then the chart becomes very successful, since loyalty and devotion are an integral part of this person's nature. Send your progeny to college so that life's work before the general public can be highly remunerating.

"The Stars impel, they do not compel." What you make of your life is largely up to "you!"

Carroll Righter's Individual Forecast for your sign for August is now ready. For your copy send your birthdate and 50 cents to Carroll Righter Forecast, The Desert Sun, Box 1921, Hollywood 28, California.

The world looks brighter from behind a smile.

Dodgers Battle NY Mets

Podres on Mound In Polo Grounds Against Craig

NEW YORK (UPI) — The Los Angeles Dodgers tonight carry the National League lead into the Polo Grounds to do battle with last place New York — hoping that Johnny Podres would snap out of his pitching doldrums.

Podres, 4-7 this season as against 18-5 for the 1961 campaign, has not completed a game in two months and won only one during that period. Tonight he opposes Roger Craig, 5-11, the former teammate who can be among the league's toughest when his control is right.

Refreshed by the all-star lay-off, the Dodgers look on the Polo Grounds as a home away from home—But manager Walt Alton was guarding against too much of a letdown. The Dodgers swept a three-game series here earlier this year, and have lost only once to the Mets.

Podres lost his last start Saturday to the Giants, but pitched well in spots. His own fielding errors contributed to three unearned runs, and his fast ball appeared to be hopping.

The Dodgers noted a couple of encouraging developments before the mid-season break. One was the improved hitting of Frank Howard, who appeared almost helpless on occasion in June. He started hitting in the Met series at Dodger Stadium two weeks ago and batted five homers in 10 days.

Tommy Davis continued hitting, and a phenomenal RBI total of 90, had Alton and other Dodger brass grinning.

But Alton is looking for more punch, and there has been conjecture Tommy may go to third base, shifting Jim Gilliam to second, so either Wally Moon or Duke Snider can get a chance to hit more often. Both have been used as pinch hitters, and the two highest paid Dodgers obviously want more action.

Golfing

with ALEX MORRISON
Teacher of Champions

Jack Nicklaus, with steady head set impact, drives along with big hitters on the pro circuit.

JACK NICKLAUS, victory hungry newcomer on the tour, plans to be outstanding among the pros as he was in the national amateur field.

Since turning pro at the beginning of 1962 his earnings are very respectable.

Much has been and will be written about Nicklaus as an example for aspiring golfers.

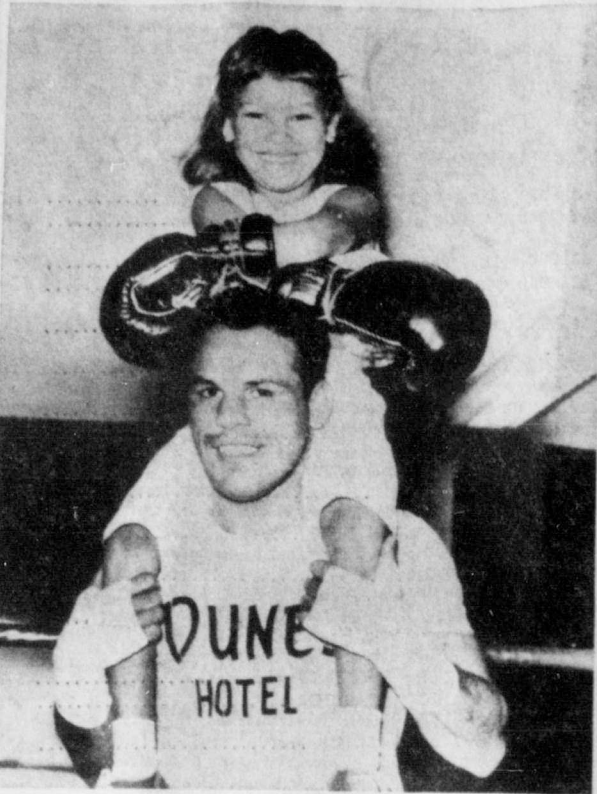

After watching him play and talking to him my notes included the following highlights:

He has considerable physical strength, tends toward overweight, has some sense of whipping the club through the ball, seems to regard touch and timing as secondary to power, strongly believes in his notions about playing technique, also those gotten from his father and his only teacher, Jack Grout, is most dedicated to winning, places victory above everything else.

All golfers might profit from a similar will to win.

SHERI GOOD

Miss Palm Springs to Star in TV Program

There are sports, and there are sports.

This one is skin diving for golf balls, a desert "First", and "Miss Palm Springs", Sheri Good, is a winner.

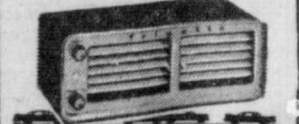

She will star in "Territory Underwater" on Channel 11 television, Sunday, at 8 p.m. and her role is that of a skin diver in the desert.

Setting for the program is Canyon Country Club. Scenes were filmed around the picturesque lakes at the club by the Brauer brothers of "Territory Underwater".

Miss Good retrieved 116 golf balls from the 15-foot deep, 3-million gallon lakes.

This very well may be the world's unofficial championship in this rare sport. Viewers will have a chance this weekend to see "Miss Palm Springs" in action during the show — and in rare "form" in her skin diving ensemble.

The same show will be seen in color over a New York television network, plus nine other major cities including San Diego, Baltimore, San Francisco and Cleveland.

Rigney Back at Helm For Three-Game Set

With the All-Star break behind them, the Los Angeles Angels can now settle down to the task of staying in the thick of the American League pennant fight. That battle will kick off tonight as the Angels open an important three-game series against the New York Yankees, who also play tomorrow night and Saturday afternoon.

Angels Lost to Stars

Cherubs Drop Tilt to PCL All-Stars, 6-5

PORTLAND, Ore. (UPI)— The Kansas City Athletics wince every time strong-armed Dan Osinski of the Portland Beavers goes to the mound.

And he had the Los Angeles Angels doing some wincing, too, Wednesday night.

Osinski, a 28-year-old right-hander, turned in a brilliant relief pitching job to spark the Pacific Coast League all-stars to a 6-5 victory over the Angels before 12,198 fans.

The fast-balling minor league star came on with one out in the eighth inning and struck out four of the five batters to face him. The other batter grounded out. He collected the win.

Osinski, who owns a 7-3 record and a 1.25 earned run average in 72 innings pitched for Portland, started the year with Kansas City.

But the A's sold him to Albuquerque, N.M., shortly after the season began and the Beavers then purchased him. And since his options have been used up, he can't be called up by Kansas City or any other major league team.

Another Portland player, catcher Dave Ricketts, batted out a solo home run in the eighth inning to give the all-stars their winning run.

Salt Lake third baseman Max Alvis tied the score earlier in the inning with a two-run homer. Felix Torres and little Albie Pearson of the Angels also homered as did Spokane shortstop Nate Oliver of the all-stars.

PCL to Keep Same Teams

PORTLAND, Ore. (UPI)— The Pacific Coast League will probably have the same eight teams in its next year, according to loop president Dewey Soriano.

He made the prediction at the close of a two-day meeting of league officials here Wednesday. Soriano said Vancouver was having the most financial problems, but if the Mounties "didn't want to operate next season, we'd find a buyer for the franchise."

The league president said that no final decisions were made at the meeting. He said team representatives appeared to favor a later opening day and a proposal to return to the old type week-long series appeared doomed.

Angel manager Bill Rigney will return to the helm of the club tonight following the passing of his father in Oakland suddenly last week. In Rigney's absence, coaches Del Rice and Rocky Bridges handled the club.

For the Yankee series, the Angels have put on sale — in advance — 6,000 general admission tickets with assured seat locations for the convenience of fans at no increase in price—the regular general admission price. They are available at the Angels' ticket office at 1525 N. Western Ave. and at the special drive-in ticket window on Elysian Park Ave. above Stadium Way.

Bowfield vs. Ford
Southpaw Ted Bowfield (4-3) will put his three-game winning streak on the line tonight against the Yankees, who probably will send another lefthander, the veteran Whitey Ford to the mound. Bowfield recently beat the Yankees in New York for the Angels' first win at Yankee Stadium in two years.

Rigney's return to the helm of the Angels is bound to lift the club, for his inspiration and leadership this year has been a major factor in the Angels' rise into contention in the tightly-knit American League race.

The Yankees hold a 5-3 edge over Los Angeles this year — having won two of three games played here in June.

All-Star Outfield
This series features three of the American League's All-Star outfielders of Leon Wagner, Mickey Mantle and Roger Maris — three of the circuit's premier home run sluggers. Wagner leads the league in homers with 25 and is tied with Chicago's Floyd Robinson in RBIs with 65. Last week, he hit one of the longest roundtrippers hit at Chavez Ravine this year — a 450-foot shot deep into the rightfield bullpen.

The Angels have been the surprise club in the Major League this year. Their hustling style of play has been proven to be most crowd-pleasing throughout the league. Regardless of the score, they never stop fighting as their come-from-behind record indicates. Seventeen times this year — nine times in the final inning of play — they have battled back from possible defeat to record a victory.

Improved Club
The tremendous improvement in the Angels' record this year is best illustrated by a look at the figures which show that at the first All-Star break last year, Los Angeles had a 35-51 record. They were in eighth-place at the time, 20 1/2 games off the pace, but just four games behind seventh-place Washington. Now their record is 45-37; they are in third-place, just 2 1/2 games off the pace.

Several other All-Star Players are on hand in this series. Second baseman Billy Moran of the Angels — enjoying a tremendous year at the plate and in the field — was the American League's starting second baseman, while Lee Thomas, presently playing at first base, was second choice in right field by A. L. manager Ralph Houk of the Yanks.

WEEKEND TWIN BILL

Rotary LL Team to Play Avalon All-Stars

The Palm Springs Rotary Little League leaves for Avalon Catalina Saturday to play the Avalon All-Stars in two games, one on Saturday and one Sunday.

The boys going are: Jim Bunker 10, Craig Forstvedt 10, Terry Mennell 10, Tom Rechlin 11, Steve Sale 11, Karsten Forstvedt 11, Larry Scott 11, Te Sellery 12, Mike Welsh 12, John Purcell 12, Brian Cooper 12 and James Jessie 12. Manager Jim Schilling, Coaches Dick Pell, Mark Fitzgerald, Harold Copper, pitching Coach John Bunker, catching coach Vincent Judalang and bat boy Timmons.

The team will leave from San Bernardino at 5:30 in the morning and arrive at Long Beach Harbor to catch the 9:30 steamer for Avalon.

There will be a good rooting section leaving with the boys to see Palm Springs come through with a victory in Avalon. There will be

Elks Upset Chi Chi Angels, 5-3

The B.P.O. Elks baseball team upset the Chi Chi Angels yesterday evening at the Polo Grounds, 5-3, in Pony League action.

Edward Budwang pitched three-hit ball to down the first place Chi Chi club as he struckout seven Angel batters and allowed only five base on balls.

Big stick for the winning Elks was little Chuck Hines as he picked up two hits for four times at bat.

Yesterday's win was the second victory for the Elks as they slapped the second loss of the season on the league leading Angels.

about 50 people attending the game and anyone who would like to go with the boys is welcome.

The group will return on the Steamer Sunday at 7:00 p.m. arriving back at Long Beach about 9:15 that evening.

Dici Named Coach at Indio HS

A former Geneva College, Pennsylvania, football player, Paul L. Dici, was named assistant Varsity football coach for the coming year for the Indio High School Rajahs. The announcement was made by principal Alex A. Alexander, who stated "Dici, in addition to working with the backfield as a principal assignment, will also specialize in defensive tactics".

Dici is a graduate of Geneva College, Beaver Falls, Penn. in June 1957. He has coached football and taught special education at Laurel High School and Hartman School, both in Pennsylvania. In addition, he has participated on semi-pro football teams the past three seasons in Pennsylvania.

Further football experience was gained in the service when he attained honorable mention on the "All Far-East Football Team" in 1958.

The 6 ft. 196 lb. addition to the Indio High School teaching staff is 31 years old and will teach special subjects. The addition of Dici was made possible when head coach Don Burson moved up to the new College of the Desert and Don Dutcher, his assistant, was named as head mentor of the Rajahs, who last year completed an unbeaten regular season, winning

the Desert Valley League championship. Burson had been Rajah head man for two years, moving to the Rajahs to the title in the first year they had a senior class.

Jr. Police LL Team Wins, 11-0

Lewis Hurlis Shutout For Play-Off Victory

Hurler Jerry Lewis sparked the Jr. Police Little League team to a 11-0 win over the Water Co. nine last night as he pitched a three-hitter and smacked a grand slam home run to aid in the cause. This was the second tilt of the city championship playoffs as the first game last Saturday evening ended in a 10-10 deadlock. The Jr. Police now hold a one game edge over the Water Co. team.

Saturday evening the same two ball clubs will face each other at the John Williams Ball Park and the team that wins the first three out of five games will be crowned the city champs and will receive the Sears' Championship Trophy. Linescore

Canyon CC Duo Wins Tournament

Gene Lesch, Canyon Country Club golf pro, and Harry Cirata, course superintendent teamed together to win top honors in the Ninth Annual Southern California club pro-superintendent tourney at El Caballero CC.

With a strong field of over 60 teams of players participating in the annual golf tourney from country clubs throughout Southern California, the winning duo from the Palm Springs lush Canyon CC breezed in with the low net score.

Lesch carded a par 72 and his partner Cirata toured the course in 76 blows. Neither golfer had played the rugged 18-hole layout prior to tournament play.

The winning duo was presented with the first place plaque and Lesch received a cash prize and Cirata was presented with a winning award.
